

**Dr. Sasa Message on the special occasion of Mother's Day**

**8 May 2022**

Dearest brave mothers of Myanmar,

I thank you all from the bottom of my heart for being amazing and wonderful mothers to all of us your children. On this special occasion of Mother's Day we pray and send our best wishes and prayers to you all, specially to our dearest Amay, Daw Aung San Suu Kyi, elected leader and the State Counsellor along so many brave mothers who remain in uncommunicable conditions under the brutal and bloodstained hands of the genocidal military generals in Myanmar. They are and you are not only the light of hope but truly our heroes, you carried us in your wombs, and you nurtured all these brave and peace -freedom loving children, sons, and daughters of Myanmar.

As sons and daughters of yours, children of Myanmar, we once again made our commitment and promise you that we will do everything we can to free your beloved children the people of Myanmar from darkness to light, from injustices to justice, from un-righteousness to righteousness, from despair to hope, from hate to love, from a reign of terror to a reign of peace, from genocidal military dictatorship to a flourishing federal democracy, and from tyranny to freedom.

Dearest mothers, thank you so much indeed for holding that unshakeable hope with us that justice is coming to our people, freedom is coming to our country, light is defeating the darkness in front of us, and righteousness is wiping out un-righteousness, love is prevailing over hate, truth is defeating the lies, and peace is winning over war.

Dearest mothers, we cannot wait to celebrate a Happy Mother's Day with you in the new Myanmar, free Myanmar, true federal Democratic Myanmar. All these tears and pain we endure today will fruit tomorrow as peace, freedom, human rights and federal democracy for ALL the people of Myanmar regardless of race, religious, culture, languages, gender, background, ethnicity and the rights of ALL will be respected, protected and promoted including the women's rights . Today, we are weeping because of the unspeakable pain, suffering, death and destruction caused by this cruel and brutal genocidal military dictatorship, but all these tears will become joy and happiness in tomorrow's new and free Myanmar.

Lastly, I would like to reflect with gratitude to our countries "Democratic Mother" Daw Aung San Suu Kyi who has worked tirelessly to nurture our democracy into a mature force for good in our nation.

With great respect to you all

Thank You and Sincerely,

**Dr. Sasa**
